To Whom It May Concern:

The City of Cassville has appointed Connell Insurance Agency, Inc. as the agency for group health benefits for our employees.

We are very pleased with Connell's efficiency, professionalism, and ability to provide reasonable rates for our City. With the carrier that Connell Insurance recommended, we are able to keep similar health insurance coverage, keep the same medical providers and save 20% off the annual premium.

I would recommend working with Connell Insurance Agency, Inc. for your future insurance needs.

Sincerely,
