Mr. Connell,

After careful consideration, the Hollister City Council selected Connell Insurance to provide the comprehensive and liability insurance coverage for the City.

This was a business decision, based on the information provided in your bid packet, feedback received from your current client references and the board's experience with your company as a local business. As you are aware the City of Hollister has maintained a 25 year relationship with the Missouri Intergovernmental Risk Management Association (MIRMA). Our City takes those longstanding relationships very seriously and it is with some feeling of anticipation that we choose to make this change. Your company's demonstrated reputation is one of exceeding expectations and over serving your clients; combining a professional local team with capable underwriter support. This is the type of company the City seeks out as a committed, long-term partner.

We are looking forward to working with Connell to design and implement an insurance strategy that provides customized coverage solutions, thus securing our future. The success is mutual: the better, more cost effective our coverage, the stronger our partnership becomes.

Congratulations,
