

Re: Recommendation for Connell Insurance, Inc.

To whom it may concern:

My experience with Connell Insurance during the open bid of our workers' compensation:

- Very detailed orientated
- Connell went above and beyond the call of duty to get us the best w/c quote. (Not only in price but in services as well)
- Connell Insurance shared with Greene County some very helpful new law information even before they were awarded our business
- A strong commitment on services and education.

I look forward to building a strong working relationship with Connell Insurance.
